

New Albany-Floyd County Consolidated School District Energy Systems Management Technician (182)

JOB POSTING

Job Details

Posting ID **182**
Title **Energy Systems Management Technician**
Description **TITLE:** Energy Systems Management Technician
 DEPARTMENT: Facilities
 PAY GRADE 19: \$19.82 - \$20.92 hourly (*based on education and experience*)
 LENGTH: 8 hours daily / 260 days yearly
 REPORTS TO: Manager of Energy and Security Systems

SUMMARY: Performs a variety of journey-level work in the installation, maintenance, repair and programming of the corporation’s building automation systems and security systems.

QUALIFICATIONS:

- Associates Degree or High School diploma or equivalent with 2 years experience.

RESPONSIBILITIES:

- Installs, maintains and repairs a variety of electrical and computer systems, parts and equipment including building automation system components, networks and electrical circuits, conduits, control devices, IT switches, security cameras, DVR’s and cabling.
- Installs new network and/or video cable in building alteration or construction; runs new lines and connects electrical source to building automation systems, security system controllers, video surveillance system devices and other networked equipment.
- Installs or replaces necessary interior and exterior wiring for equipment, appliances, fire alarms, master clocks and lighting; performs repairs to related electrical equipment.
- Observes and complies with federal, state and local electrical and building codes and fire regulations.
- Operates a variety of tools and power equipment including saws, drills, voltage testers, ohmmeter and soldering equipment and other maintenance tools and equipment.
- Works from sketches, plans, drawing, blueprints and specifications.
- Completes and maintains records of work orders including labor and materials used.
- Repairs or replaces BAS controllers, parts and components as necessary.
- Performs soldering operations incidental to technical and electrical duties.
- Assists in ordering, receiving and storing supplies and equipment; contacts vendors to order or obtain information concerning parts and equipment; obtains prices and determines total cost of labor and materials as assigned.
- Performs other related duties as assigned by the Manager of Energy and Security Systems and/or other designee.
- The employee shall remain free of any alcohol or non-prescribed controlled substance abuse in the workplace throughout his/her employment in the corporation.
